**Subject:** DJC: Bremerton ready for \$1M cleanup near park

Hi Tom. Congratulations on the nice article and progress on the Boardwalk/Chevron project. I thought when you left the McConkey/GasWorks project you vowed to stay away from environmental stuff. Seems you can never really get away from it! I haven't heard much about progress on the Gasworks project, but I hope it proves to have similar positive results for Bremerton. Hope you are doing well and it would be good to work with you again. Sincerely, Dave

**Bremerton plans to clean the former Chevron property and turn the space into a park. The park will connect to the Bremerton Boardwalk, which is a separate project.**
